Dates to Remember:

Men's Business Meetings are the first Sunday of each month immediately following morning worship. Plan to attend and be a part of the decision making process of the congregation.

Stanton Nursing Home Services are the third Sunday of each month, beginning at 2:30 p.m. Please join us in making our congregation a light in the community.

Our Church Singing is the second Wednesday night of each month. Singing night is an important part of our worship. Please plan to attend. Your presence encourages others.

Radio Our sermons are taped for broadcast and can be heard each Sunday morning, beginning at 8:30. Please make an effort to listen to our lesson on the air. You may pick up a message you missed the first time around. **WSKV – 104.9 FM**

*Potter Children's Home & Family Ministries
Commodities Outreach*

A representative from Potters will be in our area the week of April 5th to pick up donations. The mission of Potter Children's Home & Family Ministries is to be a tool in the hands of supporting churches of Christ and individual Christians to deliver God's justice and mercy to children and families in need.

Man needs to love, honor, serve and obey God – at home- in our community – on the job.

This and That

Ten little words in the Roman letter should cause us to pause and reflect. What is my life? What is it that I am trying to accomplish each day? Is God real? If so am I doing the things he requires of me? Or, am I being passively disobedient?

According to the Bible, our lives have been given us by the power of the Almighty One. He is the one who created human life in the dawn of creation. He it is that made them male and female. If the Bible is true, there must be a higher plan for our lives than the world would have us believe. According to the philosophy of man and false sciences we are the result of an explosion in the universe and the evolution of a lower species. Yet ten little words in the Roman letter should cause us to question whether this is so.

Men and women awake each day to new possibilities. There are new people to meet, new goals to reach for, and new things to experience. The human mind appears to be superior to that of animals. The minds of apes and chickens, hogs and hawks seem to work differently and for different purposes. However, most universities and places of higher education employ those that tell us there is but little difference. It is the result of survival of the fittest and chance. But those ten little words in the New Testament book of Romans should yank at our cerebrum and make us objectively pause and consider.

Boys and girls are born into this world each minute of each day. There are differences but similarities. Hair and eye color, length and weight, temperament and appetite are all subject to strong genetic influence. However each little wonder of nature is endowed with the same needs. Each one needs food and water, warmth and protection, cleanliness and support. Each grows and someday should take their place in the world of adults to provide their part for posterity. The world still spins and human life still remains far superior to that of all other life forms. We are indeed the caretakers of the world’s ecosystem. We are told this is purely coincidental and could someday change as a result of evolution. But ten little words in Romans 2:6 challenges this. Think about it.
